

How to use the Wagon DB section in this website?

User's Note

for GCU website visitors

How to access the website's wagon DB?

A new section is available on the website of the GCU Bureau (www.gcubureau.org), for consultation of the wagon database.

This section is public (no login or password needed), as it is only for consultation purposes.

To open the section, please click on "Wagon DB" through the left menu.

How to search a single wagon number?

A regular wagon number comprises 12 digits.

To ensure an efficient search, you must enter at least 9 digits.

1. Type the wagon number you're looking for into the field (text zone), located on the search form.
2. Click on the "SEARCH" button

The screenshot shows a search form titled "SEARCH". It has a label "Wagon number:" followed by a plus sign icon in a yellow box. Below this is a text input field containing a red "1" and a red "X" icon to its right. Below the input field are two buttons: "SEARCH" and "RESET". A red circle with the number "2" and a red arrow points to the "SEARCH" button.

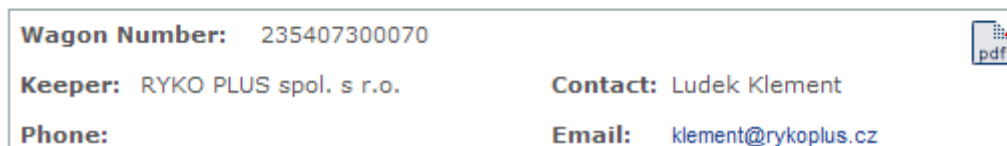

The result will be displayed as follow:

1. Wagon found:

The screenshot shows the same search form as above, but the text input field now contains the number "235407300070" and a red "X" icon to its right. The "SEARCH" and "RESET" buttons are still present.

Open the pdf with information on the wagon Keeper

The screenshot shows the search results for the wagon number "235407300070". It displays the following information:

Wagon Number:	235407300070	
Keeper:	RYKO PLUS spol. s r.o.	Contact: Ludek Klement
Phone:		Email: klement@rykoplus.cz

By clicking on the "pdf" button, you will open a document gathering all relevant information about the Keeper of this wagon number.

2. Wagon not found:

The screenshot shows the search form with the text input field containing "235407300074" and a red "X" icon to its right. The "SEARCH" and "RESET" buttons are still present.

Not found in GCU Wagon database
235407300074

How to search more than 1 wagon?

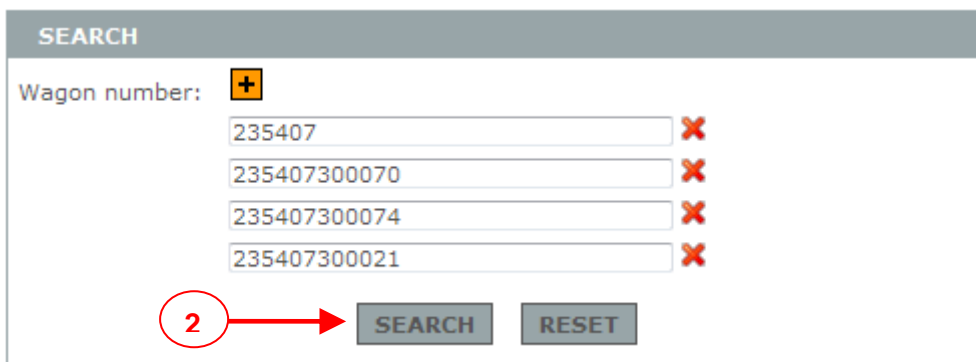

1. Click on the **+** button: for each click, you will obtain an extra line to enter a Wagon number.

The screenshot shows a search form titled "SEARCH". It features a "Wagon number:" label followed by a yellow square button with a plus sign (+). To the right of this button is a red circle containing the number "1". Below the label and button are five empty input fields, each with a red "X" icon to its right. At the bottom of the form are two buttons: "SEARCH" and "RESET".

2. When you've entered all the wagon numbers you want to retrieve, click on the "SEARCH" button.

(view: example with 4 wagon numbers to be searched)

The screenshot shows the same search form as above, but now with four input fields containing the numbers: 235407, 235407300070, 235407300074, and 235407300021. Each input field has a red "X" icon to its right. A red circle containing the number "2" has a red arrow pointing to the "SEARCH" button. The "RESET" button is also visible.

A click on the **X** button allows you to erase the relevant line of the search form.

Multiple wagon search results.

For multiple wagons search, results are displayed as follow:

SEARCH

Wagon number: 

Not found in GCU Wagon database
235407300074

Open the pdf file with all information on the wagon Keeper

Wagon Number: 235407300021	
Keeper: RYKO PLUS spol. s r.o.	Contact: Ludek Klement
Phone:	Email: klement@rykoplus.cz

Wagon Number: 235407300070	
Keeper: RYKO PLUS spol. s r.o.	Contact: Ludek Klement
Phone:	Email: klement@rykoplus.cz

As you can see, numbers that have not been found in the Wagon DB are displayed first. Then you have matching results for all numbers that exists in the DB.

As for the single number search, you can easily open the Keeper's information on a .pdf document.
